N.S.E Automation Co.Limited

Rockwell Allen-Bradley:

SLC500: 1747/1746 series
MicroLogix: 1761/1763/1762/1766/1764 series
CompactLogix: 1769/1768 series
Logix5000: 1756/1789/1794/1760/1788 series
**PLC-5: 1771/1785 series**

ABB:

AC800M series module,Industrial robots spare parts DSQCseries ,Bailey INFI 90,800xA,Advant OCS with
Master Software, with MOD 300software Advant OCS, Freelance - Distributed Control System for Process Industry, Symphony Melody, Satt OCS, Symphony DCI System Six, Harmony/INFI 90,Security system

GE:

IC693/IC695/IC697/IC698/IC200/IC660/IC670 CPU module ,Communication module ,Analog digital module

EX2100,EX2000 Excitation system card ,IS200 series DS200 series

Bently Nevada:

3500/3300 Surveillance protection syste,Proximitor eddy current sensor probe

EPRO:

PR6422/PR6423/PR6424/PR6426 eddy-current transducer,PR9268series Electrodynamic absolute vibration sensor MMS6000 system

Emerson:

DeltaV system Dual - channel redundant security system Redundant controller Power supply module I/O unit Analog AImodules Analog AO modules

Woodward:

SPC valve position controller 505/505E(9907-162, 9907-164, 9907-165, 9907-167)digital controller, 2301A controller, 9905 series, 2301D-ST series

Yokogawa:

CS3000 system CPU control module, Analog module

Honeywell:

Alcont,Experion LS,Experion PKS,Experion HS,Plant Scape
**TDC 2000,TDC3000,TPS,security system**

Westinghouse:

OVATION system,WDPF system,WEStation system

Invensys Triconex:

Redundant fault-tolerant control system,the most modern fault-tolerant controller based on triple-module redundancy (TMR) architecture

Invensys Foxboro:

I/A Series system,FBM(input / output modules) sequential control,Ladder logic control, Accident recall processing,Digital-to-analog conversion,Input / output signal processing,Data communication and processing

The Advantages:

1.100% Origin goods

2.In stock

3.1-year warranty

4.Timely delivery (1-3working days)

5. petitive price

6.Packing:new and original packing with the box
